1984 Tommy Bartlett(?) "LACK-A" Run

RESULTS

The 17th annual Wo-Zha-Wha Days celebration run has been affectionately labeled the "LACK-A" Run.

There was a total LACK-A officials, water stations, split times, trophies, t-shirts, showers, & other amenities usually associated with a race.

There was also a major LACK-A consideration, concern & communication on the part of race sponsors.

Fortunately there was no LACK-A enthusiasm & dedication among the runners who completed the run (there was also no LACK-A hills on the course.....some things take care of themselves!!!).

Following this are the "official" results forever inscribed in the annals of history.

Thank you for keeping this race alive. I promise you that next year there will be a well organized event for all to enjoy.

The oldest race in the State of Wisconsin lives on!

Sincerely (and somewhat facetiously),

  
James L. Schneider, Future Wo-Zha-Wha  
Race Director
